Model - MG-M3

Murickens group An ISO 9001:2015 certified company introduces two registered brand name MG and Flyline with low maintenance, competitive price and with the aim of power saving. In 1990 Murickens Group commenced the production in the field of Electronics, they were keen to develop a MG Dead body Mobile Mortuary which could be of help to the bereaved to preserve the departed for such time, that, the relatives arrive to pay their respect. Now Murickens Group currently has seven types of dead body preserving mobile mortuaries. The main difference between them is the exterior body materials used in the design, the top opening cover material and its design.

Being the first manufacturer and supplier of mobile mortuary in this field, with an experience of more than 30-years. We have thousands of satisfied customers in India and different parts of the world.

Our valued and reputed clients list includes The CISF 7th Battalion Military Cam Chennai, Command hospital Chandimandir, St. Ursula hospital Pune, Shanti memorial hospital Cuttack, Dept. of Space Sriharikota, Birla research institute, Malayalee assosation Bhopal..etc. (outside Kerala). **Govt. hospitals** - Aluva, Kottayam, Varkala, Mulanthuruthy, ..etc. **Co-operate Banks** - Marayoor service co-operative bank Idukki, Karukutty service co-operative bank, etc.. (Kerala) Al-Amin medical service Bangladesh, Saudi etc.(exporting).

MG-M3 is the third model of dead body mobile mortuary which is manufactured by Murickens Group. This model is very unique in appearance and attractive to anyone. This unit has only one part. The compressor, condenser coil, and electrical power supply are fitted at the bottom of the body. We have used a high-quality compressor. The capillary pipe on the cooling side is made of copper. Single unbreakable top opening with rectangular MG design 12 mm acrylic (Fiber) Glass.

Therefore, no gas leakage or reaction occurs as in AL/GI capillary tubes. It also has a steel tray for placing dead bodies. Although the height is little more, it does not weigh as much. The height is adjusted to see the body from a distance. The acrylic glass top is the beauty of this system. Also, it keeps the coolness inside without radiating it to outside. Since the top cover glass is made up of acrylic glass, the weight is less. The lights fitted inside the mortuary allow as seeing the deceased clearly. The dimension inside the mortuary is designed for almost all types of body measures.

DEAD BODY MOBILE FREEZER MG-M3 Model :

Dimension : Length: 203.2 cm (80"), Height: 88.9 cm (35"),
Width: 71.12 cm (28").
Mortuary Inside length - 74.5" (189 cm), Inside
Width: 22" (57 cm).

Weight : Bottom section : 65 Kg, Top opening acrylic
glass: 25 Kg, Body lifting steel tray: 7Kg
Total weight of MG mobile mortuary freezer MG-M3: 97 Kg
